THE CLEARFIELD PROGRESS, CLEARFIELD, PA. TUESDAY EVENING, JANUARY 3, 1922

SHOPE AND KINCAIDE DRAW SEVEN YEARS AT LABOR

SPROUL URGED TO TAKE PENROSE SENATE SEAT

Death Of The Senior Senator Throws Penna. Republican Chiefs In Scramble For Toga.

HASTE EXPECTED WORK TOGETHER

Harrisburg, Pa., Jan. 3.—Republican politicians who have seen Governor Sproul relative to the selection of a Senator are split in their opinions.

Those headed by W. Harry Baker, as a group, are urging the Governor to resign so that Lieutenant Governor Biedelman can appoint him. Others see in this a danger to the state ticket this year. Sproul would be a Republican candidate for the Senate this year and Biedelman would have the State administration support for Governor and they would probably both have opposition at the May primaries and an independent ticket would probably be in the field.

Governor Sproul today reiterated that he had not yet made up his mind and would not discuss the question until after the Penrose funeral.

Washington Looks To Sproul

Washington, D. C., Jan. 3.—Governor Sproul of Pennsylvania will himself take the place made vacant by the death of Senator Penrose, a leading administration Senator said today. The Senator said he expected Governor Sproul to take the seat within forty-eight hours. He also said that he had a long telephone conversation yesterday with Governor Sproul in which he indicated that he would fill the vacancy himself. Senator Watson, of Indiana, conferring with President Harding, discussed Penrose's successor and the Newberry case. After the conference Watson said he was of the opinion that Sproul would resign and accept the appointment to the Senate.

Will Talk It Over

Philadelphia, Pa., Jan. 3.—A meeting of State Republican leaders, to be attended by Governor Sproul, will be held here tomorrow to discuss the question of a successor to the late Senator Penrose. It was reported here today in G. O. P. circles: One of the main objects of this meeting will be to "sound out" the sentiment on the possibility of Governor Sproul resigning and filling the vacancy caused by Penrose's death. A similar trip to Pittsburgh to determine the attitude in the western part of the state was also said to be contemplated.

CRUDE OIL DOWN AGAIN

Pittsburgh, Pa., Jan. 3.—A reduction of fifty cents a barrel in Pennsylvania crude oil was reported here today. Other quotations were: Cabell, 2.36; Somerset light, 2.40; Somerset Heavy, 2.14. Rayland was reduced ten cents to 1.15 a barrel.

AMERICAN SAILOR DEAD IN CLASH WITH ITALIANS

Shanghai, China, Jan. 3.—One American sailor is dead as a result of street fighting between Italians and American sailors here. The sailor whose name was Roby, was from the gunboat Wilmington. He died of injuries received in a brawl. Fifteen American who were greatly outnumbered, were injured.

ISN'T IT TRUE?

Clerk to man with package he wanted mailed—"Is there anything fragile in this package?"

Man—"Yes, bet. It's the most fragile thing in the world, for it contains a book of the Ten Commandments."

U. S. WILL DEMAND JAPAN EVACUATE DARKEST SIBERIA

Next Move In Disarmament Conference Has Bearing On Attitude Of France To Japan.

Washington, D. C., Jan. 3.—The American Government will demand that Japan evacuate Siberia when the question of the future status of Siberia is taken up by the arms conference. The opposition of the United States to the continued military occupation of Siberia by Japan is much the same as the Anglo-Japanese alliance which has now been scrapped by the Four Power Pact.

That there have been interchanges of notes between the two governments, alleged communications between the two powers in Siberia, was still being discussed today. It is known that some time ago when arrangements were made to send the Wrangle forces to co-operate with the Japanese the Wrangle forces were supported by the French.

CROW'S CONDITION SATISFACTORY IS WORD OF DOCTORS

Pittsburgh, Pa., Jan. 3.—Statement given out by physicians attending Senator William E. Crow, who is in the Mercy Hospital here, states that "his condition is very satisfactory today." The Senator was brought here from his home in Uniontown today for a diagnosis and for a much needed rest.

APPOINTED COUNTY AUDITOR

Judge Bell on Monday last appointed Dayton Spackman of the Second Ward of Clearfield borough, as County Auditor to succeed J. H. Crissman, who resigned when he removed from Clearfield to Lock Haven.

JAMES PLETCHER IS SUFFERING BROKEN HIP-FELL MONDAY

Former President of Council James P. Pletcher, who is Pennsylvania Freight Agent in Clearfield, is a patient at the Clearfield Hospital suffering from a broken left thigh which he received in a fall on a slippery Market street side walk Saturday night last.

JAMES PLETCHER

Popular Penna. official and retiring president of Council, who suffered a serious accident on Saturday evening.

The bone is broken near the hip joint at the exact point where it was broken at the time when Mr. Pletcher suffered the accident in early life which resulted in crippling him.

The accident will keep Mr. Pletcher on his back for the coming five or six weeks.

MAYOR KITTELBERGER TAKES OATH ROSSER IS NEW COUNCIL PRESIDENT

Multitude of Questions Confronting The New Administration are Disposed of

The Borough Council of 1920-21 ended its labors last evening with the concluding business session of its two year career. Previous to the "swearing in" of Burgess Kittelberger and the six new members of the retiring council organized their meeting. In the absence of President Pletcher, who had the misfortune to fall on a slippery side walk Saturday night last and fracture one of his thighs, and who is confined to the Clearfield Hospital, councilman Chaplin of the Third Ward, was chosen President Pro Tem.

The minutes of the previous session of Council were then read and approved.

Lost Reports For Year
Retiring Burgess Chase made his final report which showed seven arrests for December with the collection of \$50 in fines and \$4.50 in licenses for the month. The Burgess followed his report with a brief statement regarding his conduct of the office during the past four strenuous years and closed with some timely advice and encouragement for his successor.

The annual report of Borough Engineer Hess, which covered briefly the constructive work done throughout the borough the past four years and a complete resume of the past two years' improvements was read to council. It was an interesting document and showed the large amount of permanent improvement made during that period.

That having ended the business of the old council a motion to adjourn sine die was adopted and the work of the council of 1920-21 was history.

Organization of the New Council
Burgess-elect Frank Kittelberger and Councilmen-elect Dean H. Bloom and Frank M. Ellis of the First Ward; J. S. Beahan, of the Second Ward; Ashley J. Gulich, of the Third Ward; F. R. Adams and O. E. Poorman, of the Fourth Ward, then presented themselves and the oath of office to each was administered by Squire Joseph F. John.

Burgess Kittelberger then assumed the chair and called for the organization of the new council which will serve during the years 1922-23. This was effected by the unanimous election of George M. Rosser, of the Second Ward, as President. The following officers were then chosen by acclamation: Secretary, J. D. Connelly; Treasurer, P. T. Davis of the Clearfield Trust Co.; Street Commissioner, M. F. Graham.

BORO OFFICIALS-OLD AND NEW-TALK SHOP OVER JORDAN'S BANQUET BOARD

Following the organization of Council last evening the borough officials old and new, together with the School Board and other borough officers met at Jordan's Hotel and enjoyed the bi-annual municipal banquet. Mine host Jordan had an exceptionally fine turkey dinner prepared for the men in whose hands the destinies of Clearfield for the coming two years are placed. All hands qualified as "table talkers."

Secretary of Council J. D. Connelly was chosen as toastmaster and the aims, objects, trials and tribulations of borough and school officials during the last school term for their were the subjects of remarks by former Burgess Chase, ex-School Director Brown, President of Council Rosser, City Supt. of Schools Zerfoss, Property Committee Chairman F. S. Gilliland, President of the School Board A. D. Bigler, Esq., Solicitor John M. Urey, Treasurer of the School Board, H. S. Whitman and Burgess Frank Kittelberger.

It was a happy occasion both old and new members of the different boards appreciated the wealth of information given and received. Several important facts, which should be generally known, were discussed at this meeting. For instance the diners were informed that the Clearfield High School contained more pupils per capita last year than any other town of its size in the State, with one exception. Also that tuition, or out of town pupils paid into the school treasury during the last school term for their were the subjects of remarks by former Burgess Chase, ex-School Director Brown, President of Council Rosser, City Supt. of Schools Zerfoss, Property Committee Chairman F. S. Gilliland, President of the School Board A. D. Bigler, Esq., Solicitor John M. Urey, Treasurer of the School Board, H. S. Whitman and Burgess Frank Kittelberger.

FRANK KITTELBERGER

The applicants were Sanford McNeel, W. V. Ogden, Arthur Fulton, Keogh and W. H. Sutton. The recent suspension of Patrolman Keogh was brought to the attention of the new Council by an

(Continued on Page five)

COUNTY OFFICERS ENTER THE NEW YEAR-- SHERIFF LOWELL NAMES HIS DEPUTIES

Harry Hummelsbaugh And Carl Anderson Are Named To Right Bower Positions.

OFFICES ON SALARY

The County officers elected at the November election, assumed the burdens of the positions to which they assumed on Monday morning.

County Treasurer, Miss Rumberger, the first elected to a county office, assumed the duties of the office of county treasurer and subscribed to the Miss Rumberger and would re-appoint George late father's County Treasurer.

Same Old Thing at

District Attorney
District Attorney James J. whose most excellent prosecutor, earned deserved re-election.

Prothonotary Ralston
Prothonotary Ralston promptly administered the official oath. Mr. Arnold is the "whole works" around his shop, so no deputy or assistant was named.

New Deal in Sheriff's Office

Sheriff Thomas J. Lowell, of Clearfield, then raised his right hand and with his response to Prothonotary Ralston's "official oath" became the chief peace officer of the more than one hundred and five thousand people making up the population of Clearfield county.

After being sworn in and assuming the duties of his office the new Sheriff announced that he would have as his assistants Harry E. Hummelsbaugh, of Clearfield, as his Chief Deputy, while Carl A. Anderson, formerly of Cooper township, was named as office deputy. Both appointments have wide acquaintance over Clearfield county and should prove highly capable men. As an evidence of their standing throughout the county we append herewith the mention given them by the DuWells Courier.

Deputy Sheriff Hummelsbaugh has all his life been an active citizen of high character and integrity and a loyal and active Republican. His appointment insures efficiency and gives very general satisfaction, particularly with those who believe that public service should be considered before political qualifications. Sheriff Lowell made a very happy selection and Mr. Hummelsbaugh not only deserves the honor but possesses high capabilities to fill it.

Carl A. Anderson, chief clerk was formerly jury commissioner, who has made good in many capacities and no better selection could have been made.

Frank S. Gilliland, former Sheriff of Clearfield, very capable deputy, has consented to remain in the office during the coming month for the purpose of assisting Sheriff Lowell and his official family in getting the run of the office.

Sheriff Lowell also appointed Chase & Chase as Solicitors for the Sheriff.

Jury Commissioners Sworn In.

Jury Commissioners—Harry C. Corner, of Burnside and Albert Y. Straw of Pike township, were also sworn in by Prothonotary Ralston.

Coroner is Absent

The only absentee among the new county officials was County Coroner Dr. J. I. Pollum, of DuBois, who was unable on account of professional engagements to come to Clearfield Monday. The genial doctor, who was the "most elected" man of the lot, having been the candidate of all the parties in the field, promises not to disappoint everybody and will be over today or tomorrow to officially enroll for another four year term.

Salaried Offices Now
According to recent legislation the offices of Sheriff and Coroner start in on a salary basis. The Sheriff will receive \$4000 while the office of County Coroner will pay \$1500 per year.

In addition to their salaries, all deputies and clerk in the office of the Sheriff will be paid out of the county treasury, the salaries to be paid these deputies and clerks' board consisting of a Controller and Co. The salaries of Hummelsbaugh and Anderson at \$1500 per

year.

FIRST CHINAMAN ELECTROCUTED AT BELLEFONTE

Bellefonte, Pa., Jan. 3.—Chung Tao, of Reading, was electrocuted in Rockview penitentiary today for the killing of Joe Lee. Tao was the first Chinaman to be electrocuted in Pennsylvania.

Mrs. Nora Delaney and grand son Robert Wrigley have returned from a visit in Akron, Ohio.

AGRICULTURAL SOCIETY WILL HOLD ANNUAL MEETING HERE JANUARY 11

The Clearfield County Agricultural Society will hold its annual meeting in the Arbitration room of the Court House at Clearfield on Wednesday, January 11, 1922, at 1:30 p. m. This will be a very important meeting and all those interested in agriculture should attend.

The election of officers for the coming year will be held at this meeting together with the assigning of farmer's desiring them, and preparing the programs for same. The report of the County Fair Committee will also be made at this

meeting and a program for the coming year outlined.

The membership of the Clearfield County Agricultural Society is made up of all those persons interested enough in agricultural work to pay the annual dues. The membership fee of 25 cents. This membership fee may be paid at any office of the Society on or before Jan. 11th.

Don't fail to attend this meeting and help to good cause.

HARRISON STEWART

JOSEPH E. STEWART

Altogether Too Frank.
When I was 14, a new scholar came to our school. He was a boy, one year my junior, and he and I felt deeply in love with each other. We exchanged love letters, and he thought that I was the sweetest girl that he ever saw. Everything was lovely until one morning I came to school with one of my eyes all red and swollen and a big sty on it. He looked at me for awhile, and suddenly exclaimed: "You homely beast! That ended our love affair."—Chicago Journal.

Mr. and Mrs. L. W. Spencer were Clearfield visitors Sunday afternoon.

Author, "Washington Lies," "The Bankers and Financial Systems," etc. Contributor Political and Economic Articles to Leading Periodicals. A Writer of Recognized Authority on the National Government's Business Methods.

"Co-ordination" is a first-class nervous wreck of a word. It is never worked to death at Washington during the first half of the year. It is the first of the dollar-a-year words to come forward to do your work. It was born to a fizzle, it frustrated the poor man thing out from under it, it has been in my dictionary ever since. I must say that this lack of co-ordination, lack of organization, lack of education, inefficiency, waste, and the hodge-podge structure of the national government machine, is a secret to those at Washington, and it is a shame for them to run and manage it for us, and when we are even more directly responsible. We are for the condition into which it has fallen.

[illegible]

The entire system of relationships which exists between congress and the executive department is fundamentally wrong.

Let me illustrate. Suppose an officer on spring to the appropriations committee of both house and senate, telling that I would tomorrow discharge in full the employees of the Navy.

department is that the Commission would give me complete authority to take one-third of the number of the employees who are discharged and add that number to the other 30 per cent of the employees still left in the department. Of course, however, under the present system, no employee can be discharged until he has been given a chance to be heard.

Executive discretion in this kind of Congress for various reasons has tied the hands of the executive officer of the government that they have no discretion in the fundamental questions of employment. My own wonder is

that, considering the existing circumstances, the employees of the government are as efficient as they actually are. Congress legislates for every minute item of employment. There is a lot

of work being done in other departments which ought properly to be under the Navy department, and in the same way there is a lot of work done by the Navy

SECRET

30 YEARS DOING GOOD

Get rid of that catarrh while you can

Catarrh gets to be a habit. For goodness sake don't get used to it.

Never be content to live on in that way—sleeping with mouth open, waking with that bad taste, coughing and spitting all day, an easy mark for colds and every epidemic of throat trouble that comes along.

Try Kondon's Catarrhal Jelly, used and esteemed for thirty years for clearing heads, soothing angry membranes and relieving Catarrh. It is a valued household remedy in thousands of American homes. Better than camphorated oil for children.

Kondon's Catarrhal Jelly is guaranteed not only by us, but by 30 years service for millions of Americans. If Kondon's doesn't do wonders for your cold, sneezing, cough, chronic catarrh, nosebleed, headache, sore nose, etc.—we'll pay your money back. On sale at all drug stores.

Avoid substitutes—make sure this signature is on the package you buy.

JOIN OUR 1922 CHRISTMAS CLUB

And Be Happy When You Need Money To Buy Gifts Next Year.

There's no stronger argument as to why you should join the 1922 Club than the passing remarks of several of our friends who did not join the 1921 Club. They hurried to join this year because they felt the loss of that check along about the time the stores were putting forth their best efforts to give the best that they could for Xmas buyers. They told us frankly **THAT THEY MISSED THE CHECK** and were going to join the 1922 Club right now. And to prove their good intentions—they joined on the spot.

The man who joined in the class of his own—he is in no way connected with this institution—is another proof that our 1922 Xmas Club has the support and enthusiastic co-operation of men who realize what a drain it is long the Xmas spirit extend to bills that are incurred by having the Xmas spirit extend the desire to give to everyone they wish.

D. B. Stine has returned home after spending the week end at Bellefonte.

Leon Fulton returned home after spending the week end at Philipsburg.

Mr. and Mrs. Emery Hummel of Clearfield attended the Golden Wedding anniversary of Mr. and Mrs. R. McClure, of Clearfield, on Saturday.

Chinese Highways.
The older the street, the more the need to which it can be put, so that travel on the broad streets of Peking is often as difficult as that in the narrow alleys of Canton. An "imperial highway" in China is not one which is kept in order by the emperor, but rather one which may have to be put in order for the emperor. All such highways ought rather to be called "lowways" for, as they are never repaired, they soon become incomparably worse than the road at all.

ODDS AND ENDS AND THINGS

By "Skinney"

The one great thing wrong with the world today is the one great tendency of eager busybodies who never give anything a chance to "jell". Prof. F. H. Giddings, professor of Sociology and history at Columbia University, told the Columbia Alumni.

He said: "We are living in a world filled with Bolshevism, Prohibitionists, especially, highway robbers and dry agents, and the outlook is dark indeed for the future. Our whiskey is no more allowed to mellow in the keg; the colony at Hollywood is going broke for need of a high tariff on foreign films and the Irish patriots look hopelessly forward to the possibility that there may soon be nothing for them to do. But the pessimist should not have all the floor space—it is still two or three days before the annual bills come due. Let us give thanks."

Secretary of War Weeks has asked Congress for authority to spend \$856,660 for land in Europe for cemeteries for the American military dead. The actual cost is placed at \$111,000, the remainder being for improvements.

The bodies of approximately 32,000 dead, the Secretary reports are concentrated in eight permanent American cemeteries—six in France, one in Belgium and one in England.

One of our medical friends asks "leave to print" the following questions or series of questions:

HOW IS IT

That when a doctor sends a bill to a fellow for \$50 for two weeks' treatment pulling him through a critical case of pleuro-pneumonia he hollers for the police—and when the lawyer sends him a bill for the same amount for one hour's appearance in court, he thinks he is getting off dirt cheap?

That when a plumber, butcher, baker or milkman jumps into the creek or salt meadow to save an old goat from drowning himself, the papers hail him as a hero and Congress presents him with a life saving medal?

And when the doctor through the use of brain and trained skill of a highly specialized order, working night and day, saves the life of a useful citizen, it is considered just duty done and no hero medal awarded and no mention made of the incident?

That when the tired doctor, seeking needed relaxation, like other folks, steals away for a few hours from his office to go to a show or to spend a weekend in the country, he is grilled and toasted for neglecting his patients—and when a preacher, lawyer or engineer or any other professional man does the same thing, not an unfriendly word is said nor an unfriendly criticism made of the circumstance?

That when a baby is named by an appreciative mother after the family physician who brought it into the world, folks snicker and shrug their shoulders suspiciously and whisper "I told you so"—and when it is named after a politician, soldier, captain of industry or banker, it is accepted as a matter of course and no thought of suspicion is ever excited over the incident?

That when the doctor squeezes the hand of a pretty woman patient on pinches her on the cheek, it is food for hostile gossip—and when the dominie does likewise it is just a token of spiritual solicitude for her health?

That when a fellow owes money to a doctor, he assumes an injured feeling when pressed to pay—and when he is pressed by his banker to pay is obsequiously deferential and polite?

That when no merchant on earth will give a fellow a nickel's credit for merchandise, or call at his home on anything but a cash basis—the doctor will trust him and his family for hundreds of dollars worth of service and never desert him while he is in need of help?

That when medical men ask an appropriation to protect a community from disease and death, legislators turn it down as a needless dissipation of public funds for "foolish medical experiments"—and when a politician interested in promoting a new type of street sweeper, water cooler or office rug asks a similar appropriation, he gets it P. D. Q.

How is it?

And if He Had Fallen!

Bringing the record height of 33,000 feet in an airplane, a Frenchman said he seemed to be flying through a rose-colored atmosphere when at that altitude.

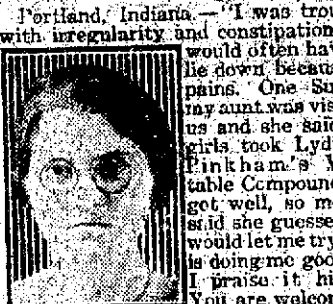

In America

Ernst Lubitsch, the greatest movie director in Europe, recently arrived in America to study film conditions. He says Germany now believes that Chaplin is the greatest comedian in the world.

GIRL HAD PAINFUL TIMES

Mothers—Read This Letter and Statement Which Follows

Portland, Indiana.—"I was troubled with irregularity and constipation and would often have to lie down because of pains. One Sunday my aunt was visiting and she said her girls took Lydia E. Pinkham's Vegetable Compound and got well, so mother said she guessed she would let me try it. I am doing me good and praise it highly. You are welcome to use this letter as a testimonial." — SARILLA NEWTON, R. R. 3, Portland, Indiana.

Mothers—You should carefully guard your daughter's health. Advise her of the danger which comes from standing around with cold or wet feet, from lifting heavy articles, or overworking. Don't let her overstudy.

If she complains of headache, pains in back, drowsy limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter, give her careful attention.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for your daughter to take, as it is especially adapted to relieve just such symptoms. Remember it contains nothing that can injure and can be taken in safety.

HAPPY NEW YEAR!

Here are three days of 1922 gone already and we are surprised that no one has launched a "drive" for money for something or other. It is to be hoped that the people of this county will be spared this year. We are not unmindful of the fact that the Y. M. C. A. improvements have to be taken care of and all stand ready to give a boost in that direction, but it will require no great sacrifice.

The people of this county, however, have one duty to perform that has been postponed too long. It is the soldiers' memorial. It is time for action on this matter before something else comes along to interfere with it, as has happened during the past two years.

A committee has been named to inaugurate something along this line and interested citizens expect to see action soon. While this committee represents only the city it is possible that some county movement could be inaugurated. If not a county project, it is up to Clearfield to go ahead and discharge her debt.

The death of Senator Penrose at Washington late Saturday evening creates a situation without parallel in Pennsylvania and is expected to be the starting point of a political race that may not have its ending in this generation. Unlike other great political generals, Senator Penrose had no promising understudy, and though organization was his very gospel, he preferred to be the marshal with a few lieutenants and a big rank and file rather than be attended by countless majors, colonels and other officers of rank who may become ambitious.

The career of Senator Penrose bears close study. Assailed times without number he seemed to always emerge stronger than ever from the conflict. Of an even temper, he was able to take calm judgment and never permitted any of the attacks made upon him to influence his manner or change his methods. After he had mapped out a course of action. One of the New York papers stated yesterday that he was the type of Senator most fitted to the use of Pennsylvania and her citizens of industry and industry and pointed to the fact that he won a popular election to the Senate by a huge majority at the very time that his critics were most active. Another journal stated, "he was loved by few, but admired by all for his pluck and ability to overcome obstacles."

Many are of the opinion that the present political machinery cannot produce another Penrose and point out that the old time convention system gave Mr. Penrose and his predecessors the nucleus of their loyal and effective organization. A Pittsburgh editor styles him "the last of the political Mohicans." A new Republican dynasty will be built up, but it will have its power in organization, not in a personality, such as was Mr. Penrose.

This morning many new officers assumed the responsibility of keeping peace and order in our city and county. Mayor Kittelberger is one of our representative citizens who will always have the best interests of the city at heart and will give us a good administration of the borough statutes. He should and must have the support of every citizen. Thomas J. Lowell, as our new Sheriff, has all the qualifications which go to make a competent officer and can be depended upon to keep things in apple pie order. Borough Council is a thoroughly representative body and is headed by George M. Rosser, long identified with the best movements in our city. He has already served as school director, head of the street committee and in many other city activities, which experiences make him a valuable asset to the community. Of no less importance to the people of the county at large is the retention of John C. Arnold as District Attorney.

CONFIRMS MR NELSON'S STORY

The Clearfield Progress:

Dear Sir:

The unusual phenomena which occurred on the days after Christmas to my mind was a meteor passing through the sky toward the north. To a person in the open air the resemblance was as the rumbling of thunder combined with explosion of sky rockets, which caused every one to look up to the sky. The encyclopedia says there are four

classes of meteors. The fourth class comprehends the combustible or incandescent meteor and composed of iron or copper; to which class our meteor of the 26th belongs, and passing through the atmosphere at a terrific speed becoming heated to an incandescent heat by friction, with the earth's atmosphere terminates in an explosion, producing a rumbling similar to thunder.

INVESTIGATOR

Curwensville, Pa., Dec. 31, 1921.

NEW YEAR'S DAY

The Officers of The Clearfield Trust Company have made many new friends during the past year.

We have also gained many new depositors and it is gratifying to know that we have been of real service to them.

For the coming year, we want to extend to those who are not our customers, the privileges of our bank, believing that we can be mutually helpful.

To our friends, patrons and citizens of the entire community, we wish A Prosperous and Happy New Year.

Clearfield Trust Co.

Porteous Riots.

The Scotch Porteous riots were occasioned by the hanging of a smuggler named Wilson at Edinburgh, Scotland, in 1736. Captain Porteous, of the City Guard, ordered his men to fire on the rioters, several of whom were killed. Condemned to death, Porteous was rescued by the government, but was seized by the populace and hanged. The Lord Provost of Edinburgh was declared incapable of further holding office, and the city was compelled to pay £1,500 to Porteous' widow.

Low Germans Are Not Dutch.

The Low Germans are not Dutch, but are one division of the old Teutonic family, and are erroneously called Dutch. The Low German division is so called because it was composed of the Teutons living in the lowlands and along the shore of the Baltic sea. The Low German languages are: English, Dutch, Flemish and Frisian.

A Square Foot and a Foot Square.

There is no difference in area or quantity of surface between a foot square and a square foot, but there may be a difference in shape. A foot square must be a rectangular surface having four equal sides, each measuring one foot long. A square foot may be also a foot square, but it may be irregular in shape, say six inches wide and two feet long, or any shape so long as the area is equal to 144 square inches.

Ostrich Can Move Fast.

At full speed an ostrich is said to make sixty miles an hour and for a limited time can outrun a horse. Ostriches can be run down by men on horseback, because the ostrich runs in more or less of a circle and the horseman can take advantage of the fact.

Bible Poetry.

The King James translation of the Bible does not show in any way that there is poetry of very intricate structure in the Scriptures. The books of Psalms, Proverbs, Ecclesiastes, Ecclesiasticus, Song of Songs, and parts of others are composed of poems, and are printed in "The Modern Reader's Bible," edited by Prof. J. G. Moulton, in conventional verse form.

Meaning of Diamonds.

The names of precious stones reach so far back in the depths of time that their original meaning cannot be traced. The word "diamond" is thought to be explained as meaning "something exceedingly hard which may be seen through," and is said to have been formed of the Greek word "dia," which stands for extreme hardness. It is fairly plausible, but it is probable that the word "diamond," or something like it, may be found in a language older than Greek.

Island Has Remarkable Properties.

The island of Crete has undergone a remarkable tilting since classical times, rising at its western end and sinking at its eastern. A harbor at the west end of the island is now high and dry, so that one can walk about its floor, while the ancient quays and harbors works at the eastern end are now under water.

Who Invented the Friction Match?

A German chemist has made an exhaustive study of this question and concludes that no one person can be considered to be the inventor of the friction match.—Scientific American.

Things began to look up, as the saying is, when Jan Van Albert, nine feet five inches, attended the Showmen's League of America. That applied especially to Grace Charles, 30 inches tall.

The Hupmobile's chief saying is in lower running costs; lower costs for upkeep and repair; and in its higher re-sale price.

LOUIS SHAPIRO TO HEAD CAMPAIGN FOR JEWISH FUND

Louis Shapiro will lead the Jewish delegation from Clearfield, Pa., at the most important Jewish conference ever held in this territory, scheduled to take place at the Cordon Club, Pittsburgh, Sunday, January 8. Delegations from 250 cities and towns in Western Pennsylvania, Ohio and West Virginia will meet to organize this territory and decide on state and local quotas for the \$14,000,000 appeal of the American Jewish Relief Committee. Nathaniel Spear, of Pittsburgh, chairman of the appeal in this tri-state zone, heads the committee that has called the conference.

This great fund being raised by the Jews of the United States will be devoted to relief and rehabilitation among the destitute Jewish population in Eastern Europe. The major part of the Jewish population in Europe inhabits regions still in a state of unstable equilibrium where wars and civil disturbances have continued from 1914 virtually up to the present day. The situation of millions of these people is worse today than it was just after the armistice. In the Ukraine alone 200,000 Jews of Jewish families have perished in the chaotic conditions of the last few years. In Eastern Europe are some 300,000 Jewish orphans to be cared for and 400,000 Jewish refugees driven from their homes.

Prominent Jews from various parts of the country will address the Pittsburgh meeting. A report will be made by David A. Brown of Detroit, Chairman of the national appeal, and other addresses will be made by Louis Marshall, Felix M. Warburg, and Col. Herbert H. Lehman and James H. Becker, of Chicago, who will make a first-hand report on conditions as he saw them.

Thirty states have already been organized for the campaign and quotas aggregating over \$8,000,000 have been accepted. Several million dollars have already been raised, including the \$120,000 just contributed in Chicago, including a gift of \$250,000 by Julius Rosenwald. In advance of the Pittsburgh meeting Mr. and Mrs. Sol Rosenbloom of that city have pledged \$25,000 for the fund.

HELVETIA COUPLE WED HERE
William M. Jenner and Miss Mary Anna Kridner, a popular young Brady town couple, came over to Clearfield today and a few visiting Recorder's office for an official permit to wed, journeyed down to the Presbyterian Manse on Second street, where Rev. Dr. E. C. Reeve quickly said the words which made them man and wife.

The happy couple returned to their home in Helvetic on the 11:45 B. R. P. train.

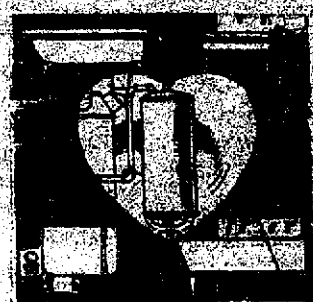

Mrs. W. J. Leaver entertained at 6 o'clock dinner New Year's day in honor of Lee Flanagan, of Detroit, Mich., and Mr. and Mrs. James Elemen, of Elyria, Ohio.

GIVE YOUR HAIR PROPER CARE

There's as much difference in giving your hair the care it should have as there is between the care and negligence of your teeth. You go to a dentist every so often to have your teeth examined and cared for. Your hair is a very important part of your anatomy and should have the care that it deserves.

Graduating from one of Pittsburgh's best schools on the care of the hair, I can truthfully say that I know and understand how to give your hair the care it should have and can correct a great many scalp troubles that may be present.

Setting a Broken Nose.
When the nose is broken it must be set promptly or it will lead to a disfiguring position, writes Doctor Jacques of Paris in Paris Medical. If it is left until the day following the injury it will have swollen so much and scarred so much that the bones can be set only under an anesthetic. If it is left for two days or more it is not only painful but difficult to set.

Chess Known in Europe Before 1021.
In 1021 St. Peter Damian wrote a letter to Pope Alexander, bitterly complaining that a certain bishop was wasting his time playing chess instead of attending to the affairs of the diocese. This proves that chess was known in Europe before the year given. The standards are supposed to have been the first European nation to grow enthusiastic over it. They probably learned it from their Moorish dependents.

Not at All Misleading.

The young reporter had been warned repeatedly against the use of title expressions in his writings. However, he couldn't break the habit and one day he landed in the following account of a public hearing. He wondered why the editor laughed. "The large crowd which gathered bright and early for the hearing at the county jail this morning was not kept waiting for the business of the day started off with a swing."

Says Uncle Eben.

"Always 'spects the meanest of 'em. Uncle Eben. 'Specially when one man knows more than another, him talkin' to 'em."

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 30c.

Irwin's Drug Store

Urey asked that the Borough officials be allowed to join in the testimonial to a faithful public official and a similar request was made by Councilman McFarland for the outgoing members of Council. The entire assembly then arose and the resolution was declared unanimously adopted.

The new council is made up as follows:

First Ward—F. S. Gilliland, Dean H. Bloom, Frank M. Ellis.
Second Ward—George M. Rosser, Ira Jay, J. S. Beahan.
Third Ward—John S. Chaplin, H. H. Rollin, Ashley J. Gulich.
Fourth Ward—C. I. McFarland, F. R. Adams, O. E. Poorman.

Madeira Thickly Populated.

No savage loneliness is possible in Madeira, for the island is exceptionally thickly populated for a territory without a small town—almost 500 to the square mile. There is a population of 142,263, including many negroes who do all the hard work. The climate is delightful when dust storms blow across the ocean from Mexico.

Famous American Oaks.

Besides the South Carolina oak three other famous oaks have been named for the Hall of Fame. One is in New Jersey, one in New Orleans and the other in Massachusetts. The last named is known as the "Indian War oak." It is in Grafton, Mass., a place which figured prominently during the early years against the Indians.

Money Cannot Buy a Better Medicine Than

Our famous Cod Liver and Iron Vinol

For a hundred years the medicinal elements contained in the cod's liver and oil have been regarded as the safest and best strength and body building medicinal agents known.

Many people however—especially children—cannot take cod liver oil because of the nauseating oil.

In Vinol they get all the medicinal value of cod liver oil and emulsions in a delicious tasting form and entirely free from oil—agreeable to the most delicate stomach—therefore it is a Vinol.

Vinol is better than anything you can take to build strength or end a cold because it contains not only the curative body building elements of cod liver oil (without oil), but glycerophosphates and vegetable iron—the three greatest tonic known—besides other valuable ingredients, all named on the label.

Read the wonderful testimonials we are publishing in this paper almost every day, then get a bottle of Vinol on our guarantee. We agree to help you with Vinol or return your money.

OYSTERS TASTE GOOD

There are folks who say that they would rather have oysters than anything else that they eat. We believe them, for when folks sit down to a dish of delicious fried oysters—these oysters of ours come special for frying—they are sitting down to a dish that's fit for a king.

Then, there are some folks who say that the stew's the thing. We're ready for those folks, too, with oysters that are fat and juicy for stewing.

THORN BROS.

THE AMERICAN LEGION

(Copy for This Department Supplied by the American Legion News Service.)

IN ARMY AT THE AGE OF 14

Stephen S. Tillman, of Washington, Now Sergeant-at-Arms of George Washington Post.

Stephen S. Tillman, Washington, D. C., served as a private in the army during the World War. He was at the battle of Meuse-Argonne, where he was captured and held in a German prison camp for 14 months. He was released in 1918 and returned to the United States. He is now a sergeant-at-arms of the George Washington Post.

THE TRAYLOR FAMILY HELPED

Father, Mother, Four Sons and Two Daughters, in Uniform During the World War.

When the old question of "who won the war?" comes up, the Traylor family of Trenton, Mo., may step forward and admit that they helped. The commanding officer of the family that was 100 per cent in active service was the father, W. S. Traylor, rank-private.

Mr. Traylor, his wife, four sons and two daughters were in uniform. When war was declared, Mr. Traylor closed up his general store, donned the uniform of a lieutenant private in the quartermaster corps and did his bit well. Despite his fifty-three years, Mr. Traylor was on active duty with the Red Cross.

Of the four sons, Charles was with the Flying Ninth Division and was wounded. Frank was an aviator. The only sister, Mrs. Traylor, was with the Tenth Army, and Roy was with the Tenth Army, and Roy was with the Tenth Army.

JUMPING BEANS FOR GIRLS

Sick and Wounded Veterans in New Mexico Hospitals Are Hungry for Cheer Letters.

Trained to leap through hoops and stand unflinched, thousands of ailing Mexican jumping beans are greeting girls of the United States who will write a letter of cheer to a disabled soldier. The exchange of letters for jumping beans is being made through Herman G. Bach, Santa Fe, N. M., adjutant of the American Legion of the state.

Five thousand sick and wounded veterans of the World War, recuperating in hospitals in New Mexico, have trained the beans. The young men are terribly homesick. Mr. Bach writes, and they will send a bean to every girl who will write a letter to them. The jumping beans are dark brown, somewhat larger than the ordinary bean. The animation of the vegetable is caused by a tiny worm that crawls into the bean and consumes the edible portion. After the worm is dead, the bean keeps on jumping.

Presidents as Military Men.

More than half of the presidents of the United States have held some military rank, according to The American Legion Weekly. Of the whole line of twenty-eight presidents, sixteen were military men, and of the succession following the Civil War Grant, Hayes, Garfield, Arthur and Harrison were generals; Roosevelt was a colonel and McKinley was a major.

Unto the End.

"How's this?" asked the lawyer. "You've named six bankers in your will to be pallbearers. Of course, it's all right, but wouldn't you rather choose some friends with whom you are on better terms?"

"No, judge, that's all right. Those fellows have carried me for so long they might as well finish the job."

Is That Cold and Cough Hanging On?

You will be convinced that Dr. King's New Discovery does just what is meant to do—loosens coughs, raw throats, congested, tormented chests, loosens the phlegm, breaks the obstinate cold and grippe attacks, relieves the congestion in the head. No harmful drugs, therefore, good for children as well as grownups. Right away, you will notice the change for the better. Has a convincing, healing taste that you will appreciate. Buy a bottle at any drug store on the way home to-night, 60c.

Dr. King's New Discovery For Colds and Coughs

Lazy People, Lazy Bowels, Don't neglect constipation. It undermines the health, takes all vim out of you. Dr. King's Pills will invigorate the system, stir up the liver, move the bowels. All druggists, 25c.

PROMPT! WON'T GRIPE Dr. King's Pills

Huge Apple Tree
At Meigs station, Decatur, Ga., England is a remarkable tree planted over seventy years. It needs a 25-foot ladder to reach the top branches and has in some places with branches hanging to the ground. When under the tree it looks like a forest of holding over 200 persons. It is reported to be the largest apple tree in the world. It is owned by Cornwell, Devon and Somerset. This season was loaded with very fine quality apples, estimated over two tons.

Japanese Bride's Commemorative
Upon her wedding, a Japanese bride wears a kimono with a design of a cherry blossom. The design is a symbol of purity and is a reminder of the bride's promise to her husband. The design is also a reminder of the bride's promise to her husband. The design is also a reminder of the bride's promise to her husband.

Long Forgotten
Once there was a man who told a story about a Scotchman who was the term "Scotchman" where in it, but it was so long nobody remembers the name or any of the circumstances. It is a remarkable incident. It is a remarkable incident. It is a remarkable incident.

Color Blindness
No fewer than 25 persons for thousands are more or less color blind. The cause of this is not a simple matter. It is a complex matter. It is a complex matter. It is a complex matter.

Fur "Tam"
Little fur hats, snug little things, pull down, quite over eyes are being seen with more frequency at the places where smart women gather. The shown hints a bit of the tam is bound close to the head with a band of ribbon.
